Condensed Interim Consolidated Financial Statements
Nine months period ended September 30, 2021 and 2020
(Unaudited)

To the Shareholders of GINSMS Inc.:

Management is responsible for the preparation and presentation of the accompanying unaudited condensed interim consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with International Financial Reporting Standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the unaudited condensed interim consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The majority of the Audit Committee is composed of Directors who are neither management nor employees of the Corporation. The Committee is responsible for overseeing management in the performance of its financial reporting responsibilities. The Audit Committee has the responsibility of meeting with management and external auditors to discuss the internal controls over the financial reporting process, auditing matters and financial reporting issues. The Audit Committee is also responsible for recommending the appointment of the Corporation's external independent auditors.

The auditor of GINSMS Inc. has not performed a review of the unaudited condensed interim consolidated financial statements for the three-month and nine-month periods ended September 30, 2021 and 2020.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2021 AND SEPTEMBER 30, 2020 (Unaudited)

(In Canadian Dollars)

1. GENERAL INFORMATION

GINSMS Inc. (the "Corporation") was incorporated in Alberta under the Canada Business Corporations Act on March 20, 2009. The address of its registered office is 421 7th Avenue S.W., Suite 1700, Calgary, Alberta T2P 4K9. The Corporation's shares are listed on the TSX Venture Exchange ("TSXV").

The Corporation is an investment holding company. The principal activities of its subsidiaries are set out in note 23 to the unaudited condensed interim consolidated financial statements.

In the opinion of the directors of the Corporation, Xinhua Mobile Limited ("Xinhua Mobile"), a company incorporated in the Cayman Islands, is the immediate parent; Beat Holdings Limited ("Beat Holdings"), a company incorporated in the Cayman Islands, is the ultimate parent.

Beat Holdings' securities are listed on Tokyo Stock Exchange's Second Section (9399).

The principal activities of the Corporation are as follows:

(a) Provision of messaging service ("Messaging Service")

The Corporation, through its subsidiary, GIN International Limited in Hong Kong, was originally involved in the provision of inter-operator short message services. On March 27, 2014, the Corporation launched its cloud-based application-to-peer ("A2P") messaging service ("A2P Service"). Through the provision of A2P Service, the Corporation enables the mobile application developers, short message service ("SMS") gateway, enterprises and financial institution to deliver SMS worldwide without any upfront capital investment through the use of the Corporation's rich application programming interface.

(b) Provision of software products and services ("Software Products and Services")

The Corporation operates its Software Products and Services business through Inphosoft Group Pte. Ltd. ("Inphosoft"), its wholly-owned subsidiary. Inphosoft is headquartered in Singapore with subsidiaries in Malaysia and Indonesia. The activities of Inphosoft consist of providing software products and services with a focus in the following areas:

- i. Provision of support and maintenance services to customers that have purchased its products and solutions.
- ii. Maintain the A2P Cloud platform and develop new features as and when necessary, to support the Corporation's A2P business.
- iii. Outsource technical resources to customers for the purpose of software development based on a time and material basis.

Software Products and Services revenues are primarily derived from customers in Singapore, Malaysia and Indonesia.

2. BASIS OF PREPARATION

These unaudited interim consolidated financial statements are prepared according to International Accounting Standard (“IAS”) 34 Interim Financial Reporting using accounting policies consistent with International Financial Reporting Standards (“IFRSs”) as issued by the International Accounting Standards Board (“IASB”).

Amounts are reported in Canadian dollars (“CDN” or “\$”) unless otherwise indicated.

The Corporation has faced considerable competition in its existing principal activities, and the profitability of the businesses has been affected. As at September 30, 2021, the Corporation had net current liabilities and net liabilities of \$6,150,842 and \$6,064,897 respectively. These conditions indicate the existence of a material uncertainty which may cast significant doubt on the Corporation’s ability to continue as a going concern. Therefore, the Corporation may be unable to realize its assets and discharge its liabilities in the normal course of business.

The spread of COVID-19 in all relevant jurisdictions has impacted the Corporation’s operation and customer base and uncertainty regarding the extent, duration and are having a material impact on all aspects of the Corporation’s operations. The Corporation confirms to adopt the going concern basis in preparing its unaudited condensed interim consolidated financial statements. Management has instituted plans to address these matters:

- (a) The liquidity risk is mitigated as related parties have confirmed with the Corporation that they will not demand settlement of the interest-free loans of \$4,428,686 and cash advances of \$965,105 until the Corporation is in sound financial position to repay to them. Furthermore, the immediate parent and the promissory note holder have agreed to extend the due dates of the loan of \$365,872 and promissory note of \$580,000 to March 31, 2022 and have confirmed with the Corporation that they will not demand settlement of the loan and promissory note until the Corporation is in sound financial position to repay to them.
- (b) The ultimate parent has agreed to provide adequate funds for the Corporation to meet all third party obligations for at least the ensuing twelve month period. During the prior quarter ended June 30, 2021, the ultimate parent has provided advance of 5,950,591 to the Corporation as a short-term working capital funding. During the quarter ended September 30, 2021, the advance was repaid fully.
- (c) The directors will continuously and closely monitor the Corporation’s liquidity position and financial performance and implement measures to improve the Corporation cash flows.

As a result, after considering all relevant information, including its actions completed to date and its future plans, the management has concluded that the Corporation is able to continue as a going concern for a period of 12 months from September 30, 2021.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2021 AND SEPTEMBER 30, 2020 (Unaudited)**

3. ADOPTION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS

The new and revised international financial reporting standards that have been adopted by the Corporation are described in Note 3 of the audited consolidated financial statements for the year ended December 31, 2020.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These unaudited condensed interim consolidated financial statements as at and for the nine months ended September 30, 2021 have been prepared under the historical cost convention.

The preparation of these unaudited condensed interim consolidated financial statements in conformity with IFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Corporation's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are disclosed in note 5.

The unaudited condensed interim consolidated financial statements do not include all of the information required for annual financial statements and should be read in conjunction with the audited consolidated financial statement for the twelve months ended December 31, 2020 which has been prepared in accordance with IFRS.

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2021 AND SEPTEMBER 30, 2020 (Unaudited)**

5. CRITICAL JUDGEMENTS AND KEY ESTIMATES**Critical judgement in applying accounting policies**

In the process of applying the accounting policies, the directors have made the following judgment that has the most significant effect on the amounts recognised in the consolidated financial statements (apart from those involving estimations, which are dealt with below).

(a) Going concern basis

These unaudited condensed interim consolidated financial statements have been prepared on a going concern basis, the validity of which depends upon the financial support of the ultimate parent at a level sufficient to finance the working capital requirements of the Corporation. Details are explained in note 2 to the unaudited condensed interim consolidated financial statements.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

(a) Impairment of trade receivables and contract assets

The management of the Corporation estimates the amount of impairment loss for ECL on trade receivables and contract assets based on the credit risk of trade receivables and contract assets. The amount of the impairment loss based on ECL model is measured as the difference between all contractual cash flows that are due to the Corporation in accordance with the contract and all the cash flows that the Corporation expects to receive, discounted at the effective interest rate determined at initial recognition. Where the future cash flows are less than expected, or being revised downward due to changes in facts and circumstances, a material impairment loss may arise.

As at September 30, 2021, the carrying amount of trade receivables and contract assets is \$604,231 (net of allowance for doubtful debts of \$9,353) (December 31, 2020: \$557,834 (net of allowance for doubtful debts of \$25,876)).

6. FINANCIAL RISK MANAGEMENT

The Corporation's activities expose it to a variety of financial risks: foreign currency risk, credit risk, liquidity risk and interest rate risk. The Corporation's overall risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Corporation's financial performance.

(a) Foreign currency risk

The Corporation is exposed to foreign currency rate variability primarily in relation to certain assets and liabilities denominated in foreign currencies such as United States Dollars ("USD"). However, the Corporation has no material exposure to foreign currency risk as most of its foreign operations are self-sustaining and these foreign operations' functional currencies are in HKD and SGD. The Corporation is mainly exposed to the effects of fluctuation in SGD and USD.

The Corporation also mitigates foreign currency risks, within each segment, by transacting in their functional currency for material procurement, sales contracts and financing activities.

The Corporation currently does not have a foreign currency hedging policy in respect of foreign currency transactions, assets and liabilities. The Corporation monitors its foreign currency exposure closely and will consider hedging significant foreign currency exposure should the need arise.

The following presents the carrying amounts of the financial instruments that are denominated in the currencies:

GINSMS INC.**NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS
FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2021 AND SEPTEMBER 30, 2020 (Unaudited)****6. FINANCIAL RISK MANAGEMENT (CONT'D)****(a) Foreign currency risk (cont'd)**

At September 30, 2021, if the SGD had weakened or strengthened 5 per cent against USD with all other variables held constant, consolidated loss after tax and the deficiency for the year would have been \$19,000 (December 31, 2020: \$20,000) higher or lower, arising mainly as a result of the foreign exchange gain or loss denominated on net payables denominated in USD.

(b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Corporation is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments. The Corporation's exposure to credit risk arising from cash and cash equivalents is limited because the counterparties are banks and financial institutions with high credit-rating assigned by international credit-rating agencies, for which the Corporation considers to have low credit risk.

Trade receivables and contract assets

Customer credit risk is managed by each business unit subject to the Corporation's established policy, procedures and control relating to customer credit risk management. Individual credit evaluations are performed on all customers requiring credit over a certain amount. These evaluations focus on the customer's past history of making payments when due and current ability to pay, and take into account information specific to the customer as well as pertaining to the economic environment in which the customer operates. Trade receivables are due within 30 days from the date of billing. Debtors with balances that are more than 180 days past due are requested to settle all outstanding balances before any further credit is granted. Normally, the Corporation does not obtain collateral from customers.

The Corporation measures loss allowances for trade receivables and contract assets at an amount equal to lifetime ECLs, which is calculated using a provision matrix. As the Corporation's historical credit loss experience does not indicate significantly different loss patterns for different customer segments, the loss allowance based on past due status is not further distinguished between the Corporation's different customer bases. The Corporation assessed that there is no significant loss allowance recognised in accordance with IFRS 9 as at December 31, 2020 and September 30, 2021.

No additional impairment for trade receivables and contract assets as at September 30, 2021 is recognised.

Expected loss rates are based on actual loss experience over the past 4 years. These rates are adjusted to reflect differences between economic conditions during the period over which the historic data has been collected, current conditions and the Corporation's view of economic conditions over the expected lives of the receivables.

At end of period/year	<u>9,353</u>	<u>25,876</u>

(c) Liquidity risk

The Corporation manages its risk of not meeting its financial obligations through management of its capital structure, and annual budgeting of its revenues, expenditures and cash flows.

The maturity analysis based on contractual undiscounted cash flows of the Corporation's non-derivative financial liabilities is as follows:

	Less than 1 year \$	Between 1 and 2 years \$	Between 2 and 5 years \$	Total \$

FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2021 AND SEPTEMBER 30, 2020 (Unaudited)****6. FINANCIAL RISK MANAGEMENT (CONT'D)****(c) Liquidity risk (cont'd)**

The Corporation has working capital deficiency of \$6,150,842 as at September 30, 2021 (December 31, 2020: \$6,471,862). The liquidity risk is mitigated as related parties have confirmed with the Corporation that they will not demand settlement of the interest-free loans of \$4,428,686 and cash advances of \$965,105 until the Corporation is in sound financial position to repay to them. Furthermore, the immediate parent and the promissory note holder have agreed to extend the due dates of the loan of \$365,872 and promissory note of \$580,000 to March 31, 2022 and have confirmed with the Corporation that they will not demand settlement of the loan and promissory note until the Corporation is in sound financial position to repay to them.

(d) Interest rate risk

As the Corporation has no significant interest-bearing assets, its earnings and operating cash flows are substantially independent of change in market interest rates.

The Corporation's borrowings are interest-free and is not exposed to fair value interest rate risk. The Corporation is not exposed to cash flow interest rate risk as at September 30, 2021 and December 31, 2020.

(f) Fair values

The carrying amounts of the Corporation's financial assets and financial liabilities as reflected in the consolidated statement of financial position approximate their respective fair values.

(g) Capital management

Capital is comprised of shareholders equity (deficit) on the consolidated statement of financial position. The Corporation's objective when managing capital is to safeguard its ability to continue as a going concern, so that it can continue to provide returns to shareholders. The Corporation's sources of additional capital and policies for distribution of excess capital may also be affected by the Corporation's capital management objectives.

The Corporation manages capital by regularly monitoring its current and expected liquidity requirements rather than using debt/equity ratio analysis. The capital is generally used for defraying the administrative expenses in promoting the objectives of the Corporation. The external imposed capital requirement for the Corporation is to have a public float of at least 10% of the shares in order to maintain its listing on the TSX Venture Exchange. As at September 30, 2021, 15.63% (December 31, 2020, 15.63%) of the shares were held in public hands.

There have been no changes in the Corporation's capital management policies for the nine months ended September 30, 2021 and year ended December 31, 2020.

8. SEGMENT INFORMATION

The Corporation's reportable segments are (1) provision of Messaging Service ("MS") and (2) Software Products and Services ("SPS"). They are managed separately because each business requires different technology and marketing strategies. In addition, the Corporation has corporate expenses, assets and liabilities, and such information is included in the "unallocated" column.

The accounting policies of the segments are the same as those described in note 4 to the consolidated financial statements.

(a) Revenue by customers

24. EVENTS AFTER THE REPORTING PERIOD(a) Uncertainty of the Coronavirus (COVID-19) Outbreak

The extent that the coronavirus (COVID-19) outbreak will spread widely and its impact on our result will depend on future developments, which are highly uncertain and unpredictable. Although uncertain at this time, the outbreak could impede our ability to sell, grow and attract new customers. A number of our employees travel frequently to establish and maintain relationships with our customers. Although we continue to monitor the situation and may adjust our current policies as more information and guidance become available, suspending travel, not doing business in-person, and employees government imposed quarantined or sanitary public health authority imposed closures could negatively impact our operations and marketing efforts and also challenge our ability to enter into new customer contracts in a timely manner, which in turn could harm our business performance and the recoverability of the account receivables.
